We at Ultimate Taekwondo Centers kindly offer our Aftercare Program. It is our goal to develop your child's discipline by having them complete both their schoolwork and their taekwondo training diligently. In our program, we will pick up your child from school and bring them to our location where they will be taken care of by our well-trained aftercare counselors.

Aftercare Program Packages

Premium Package: \$99 per week

Covers all day camps as well as regular and special dismissal times

Standard Package: \$89 per week

Covers regular dismissal time only

**This cost is the combined cost of our aftercare services and regular taekwondo tuition. Any additional programs such as sparring will require an increase in tuition costs. Equipment, uniforms and belt tests are also not included and will require an additional cost.*

Aftercare Counselors

Miss Jin is the daughter of Master Kwak. She is a mother of two, with a bachelor's degree in business from the Harriman School of Business at Stony Brook University.

Master Prince is currently attending Stony Brook University, pursuing a bachelor's degree in technological systems management. He is a 4th Dan black belt and has been with our UTC family for 17 years.
